When we taste food, our mouths tell us if the food is sweet, salty or spicy. But why do some people like some types of food and not others? There are many reasons. For example, some people don't like a type of food because they remember being ill after they ate it.

However, it is believed that you can change what you like. We often don't like

unusual food because our brain doesn't understand it. So if you want to start liking food that is healthy, such as green vegetables, you should eat it more often. Then your brain will recognise it. Paragraphs

Unit 7

1- Are you for or against online shopping?

Shopping online is great! Firstly, it saves time. Most people don't want to spend much time travelling to the shops. They can stay at home and buy the things they want in a few minutes. Secondly, they have more choice online. Also, if more people shop online, there will be fewer cars on roads and less pollution! However, some people don't like online shopping. They like to see what they are buying at shops. They like to try the things they are buying first. Also, they don't like to waste time waiting for a delivery.

2- How do you think life will change in the future?

What will happen in the future? This is a question most of us ask. For me, I think travelling in time will be impossible. I don't think we will live on the moon. It's impossible. I think we will have flying cars. I hope we will have no illnesses. I think scientists will explore the bottom of the sea. They may discover new animals and new kinds of fish. I think life in the future is still a secret.

3- Life in the future

Technology changes the world. I think life in the future will be different from our life. I think people will be more addicted to mobile phones. People who love online games will spend more money on them. People will spend more time watching videos online. They will also use social media more than they do today. People will have modern devices that will help them translate different languages. They will be able to travel in time by using time machines. They will have flying cars. They will live on the moon.

4- Positive and negative sides of using technology

Using technology became very important in our life. Most of our daily life activities need technology. We use it in learning, communicating and many other activities. Using technology is sometimes positive. It saves effort and time. The negative side of using technology is that it sometimes wastes our money and time. Playing computer games is an example of that. Should schools use computer games in the classroom? I think it'll be positive if that is related to teaching children. They will be more interested and excited, but this should be controlled well.

Unit 8

Some unusual food you have tried

Once I travelled abroad with my friends. We decided to have lunch at a famous restaurant. I tried a very interesting snack. It was called "Durian fruits". "Durian fruits" grow in Indonesia and Malaysia. They're soft and yellow on the inside. We liked to eat them very much. They are very healthy and tasted delicious. Some people don't want to eat them because they smell terrible. People use durian fruits to make juice, ice creams and soup.

Indian diet

I'm from India. The diet in my country is very healthy for many reasons. Firstly, we eat a lot of fresh vegetables. We eat green, purple and yellow vegetables. Furthermore, we don't have much fat in our diet. Another important thing is that we eat very healthy breakfast. This gives us lots of energy to start the day. That's why Indians live long lives. We don't eat much meat and dairy products. Our food is usually spicy. Many people all over the world like to try Indian food.

What you can eat to stay healthy

Healthy food is really important for everyone. It helps us grow well and gives us energy. If you want to be healthy, you should eat all types of food. We need to drink much water every day. Dairy products like milk and cheese are healthy. They give us calcium. It helps us to have strong bones. Meat, cheese and nuts have protein in them. We need protein to have a strong body. Fruit and nuts are healthy snacks. People need to eat fresh fruit and vegetables every day.

Your favourite meal

My favourite food is cheese omelette. It's very delicious. I found the recipe on the internet. I wanted to try it very much. I asked my mother about it. She knew the meal and helped me make it. I make it by beating eggs in a bowl. I use some cheese. I heat the eggs in a pan. I don't add salt because the cheese is salty enough. I can eat the meal with tomatoes and hot bread. It tastes delicious. Why don't you try it?

Unit 9

A review of a museum you know "The Museum of Modern Egyptian Art"

Last week, I visited the Museum of Modern Egyptian Art. It is in Cairo. It's famous for art in Egypt from the 20th and 21st centuries. The artists were really good because they showed what life was like in Egypt in the past and now. The cartoons were also really cool! I also saw lots of sculptures. My favourite thing was a painting called Al Madina by Mahmoud Said. I recommend it to all my friends.

Difficulties that disabled people have

We see disabled people around us. There are blind people who can't see. There are deaf people who can't hear. There are some people who can't walk. They are useful to our country. Some of them do important jobs. Try to help disabled people. Do not leave bags on the floor. Use public means of transport. Tell a blind person about objects on the street. Shout at a person if you think they can't hear you. Ask a person in a wheelchair if they need help. We should all treat them as normal people like us.

3- A review of a film you have just watched "Jurassic World"

I watched a film called "Jurassic World." It is an adventure film. Many stars act in the film. It is about a theme park. In that park, there is a group of scientists. They help dinosaurs to live again! Then some of the dinosaurs escape. I think the action is exciting. My favourite thing is the scary dinosaurs. They look very real. But, in my opinion, the story isn't very interesting. I recommend this film if you like exciting and scary films, but not if you want a good story.

Unit 10

Unit 11

1- How to keep our environment clean

We should do our best to keep the environment clean. There are many environmental problems that we should face. The main problems are water and air pollution and climate change. There's a lot of air pollution from the traffic in cities and this is very unhealthy. Trees are good for the environment and help reduce air pollution, so we should plant more trees. Throwing away old phones can be bad for the environment. We should recycle mobile phones. Green inventions are environment-friendly. These inventions present solutions to environmental problems without damaging the environment.

2- Activities you want to do in the future

There are many exciting activities that I can do in Egypt. I want to go diving in the Red Sea. The coral reefs there are wonderful. Although diving is a bit scary, I want to try it. I want to go on a hot-air balloon. I think the view from the top will be fantastic. I think it's dangerous but I'd like to try it one day. I hope I try bungee jumping. I think it's the most dangerous activity. This activity isn't suitable for people who are afraid of high places.

What sort of learner you are

There are many different learning styles. Among the different ways of learning, some prefer to learn by hearing, seeing, doing things, reading and writing. For me the best way to remember English grammar is to make up a song about it! Then I sing the song quietly to myself. I think it is a great way to remember irregular verbs! I learn best by listening. I also find it difficult to understand science books, but when I do an experiment in the laboratory, I understand what is happening! I learn best by doing things.

How to learn English vocabulary

Most English-language learners face a problem. They find it hard to remember vocabulary. However, there are many ways that can help them. They can make flashcards of words that they need to remember. They should watch English-language TV programmes or films. They should read many stories and news articles. This is the best way to learn vocabulary. They can also work with friends and try to test each other on important words.

Your study plans

You should make a plan if you have a project or an exam. There are many steps you should follow to make a study plan. You should be organised. You should know what you need to do and when to do it. You should manage your time. You should make a study timetable. You should find a quiet space to study. If your house is too busy, you could go to the library. You should take breaks. You should sleep well.

Dear Ola,

My uncle is a farmer. I visit his farm every weekend. I look after the animals there. I like them very much because I think they understand me. Animals communicate, both to us and to each other. One way animals communicate is by using body language.

For example, horses touch noses to say hello to another horse they like. Bees dance when they find a good flower. Some birds can copy sounds. I will be happy if you visit my uncle's farm.

Yours,
Magda
